VOL. XXII, NO. 178 GAINESVILLE, FLORIDA, SUNDAY, SEPTEMBER 3, 1905 TEN CENTS A WEEK

NO MARKED CHANGE IN FEVER SITUATION

Federal Officials Highly Praise New Orleans Citizens

CRISIS NOW BELIEVED PASSED

The Federal Authorities Are Elated Over Their Work—One Death at Pensacola—Will Arrest Parties Who Circulated False Report.

New Orleans, Sept. 2.—Up to noon today there were ten new cases of yellow fever and one death.

New Orleans, Sept. 2.—Though showers were predicted, the day was clear and warm with no marked change in the yellow fever situation, there being a normal of new cases and deaths. One of the objects which the new health association will push here will be the establishment and equipment of a permanent isolation hospital, where fever cases will be taken as they are at Havana immediately when they enter this port.

So strong is the sentiment in favor of the early completion of the water, sewerage and drainage work, which is now in full swing, that plans are now being mapped out for an appeal to the legislature in behalf of legislation that will provide the money necessary for additional speed in construction.

Science is Triumphant.

Signed statements of all the leaders in the fever fight, Surgeon White, Presidents Kohnke and Souchon, of the boards of health, Dr. Beverly Warner, Dr. Metz, of Tulane university, and Chairman Janvier, of the Citizens' committee, indicating that the crisis is passed; that the campaign of science is meeting with unbounded success, and that the fever will be here practically gotten under control before frost, is printed here today. Dr. White says:

"While the fever started this year abreast of the epidemic of 1878, and pursued exactly parallel lines, holding its own long enough to convince any sane man of what would and could have been the result had not the proper steps been taken, it is fair to say that the work begun by the city board of health and continued by the marine hospital service, undoubtedly been effective in holding the infection in check. We may say without undue self-gratulation that the disease is being gradually worked out.

It must be apparent, for the lists of cases and deaths, taken on the average, week by week, are growing steadily less.

"Along with this I want to call attention to the fact that persons are coming in from the country who after ward fall ill from previous infection. This is a handicap, however, which we are willing and able to bear rather than interfere with the relations with the outside communities by imposing a drastic quarantine."

Great Patriotism Displayed.

Dr. White says he has never seen in any country the equal of the example of patriotism and broad-mindedness set here and never expects to see the superior of it. He adds:

"All these things formed conditions which make for success. Give, in addition, a fair opportunity at all cases as they occur and there can be no possibility of failure to eliminate the fever before frost. The last proposition is the crux of the situation.

Professor Ewing, of the Louisiana association, issued an address to the papers of the state inviting and strongly advocating it himself to make impossible in the future such conflicts as have occurred in the south this year.

Vicksburg and Natchez, which formerly placed most stringent restrictions against infected points, have appealed to the marine hospital service for a fumigation system similar to that in force here in order to enable them to move goods. Secretary Hunter of the board has sent regulations at Harriston, Miss., an important junction point, on the Mississippi Valley road, where trains were not permitted to stop. Tallulah, La., which has stamped out her fever, has quarantined all infected points in Louisiana, Mississippi and Tennessee.

Port Gibson, blocked by fever on both sides, has changed her rules and decided to admit, with the exception of fruits, vegetables and clothing, all freight certificated by the marine hospital service. Two cases of yellow fever have been reported at Pearlington, Miss., an important lumber point at the mouth of the Pearl river.

Reports from Pointe Celeste, in Plaquemines parish, show that the authorities there are meeting great difficulties there through the efforts of the Italians to hide their sick. In one house, hid under a bed and well wraped in blankets, was found a boy of 12 suffering with a severe case of yellow fever.

Form Health Association.

Leading citizens have met here and have formed the New Orleans Health association, a permanent organization with Charles Janvies as president. It is expected to exert a powerful influence on the future of New Orleans in its relation to quarantine, sanitation and the evolution of proper laws for the guidance and control of citizens of infected or contagion of any and all descriptions.

Arrest Parties Circulating Report.

Jackson, Miss., Sept. 2.—Secretary Hunter, of the board of health, has telegraphed to Dr. Aikman, state health officer at Natchez, to have the parties in that city arrested who circulated the report that yellow fever existed in Jackson. A publication of this rumor was made in the Natchez Bulletin yesterday and the editors vouched for its accuracy. The prosecution will be made under the laws of 1898, which provides a penalty for circulations of rumors about yellow fever.

One Death at Pensacola.

Pensacila, Fla., Sept. 2.—The first death from yellow fever occurred this morning at 4 o'clock, when William J. Abell, a tailor, expired. He was stricken Sunday. Abell occupied quarters adjoining those of a Greek, who was one of the first to take the fever, and who is now convalescing. No other new cases were reported this morning.

Sheet Metal Workers Strike.

New York, Sept. 2.—A strike of sheet metal workers in this district was called last night by the Amalgamated Sheet Metal Workers' union. About 2,300 members attended the meeting and the call for the strike was almost unanimous. The strike will affect about 200 buildings, which are in course of construction, and about 300 shops in which the metal sheet workers are employed. The men demand an advance of 50 cents a day. Their wages now are $4 a day. They claim that about a year ago they entered into an agreement whereby they were to receive the raise last January. The men did not get the promised increase, however, and several months ago they notified the employers if the advance was not forthcoming there would be a strike.

New President for Ecuador.

Guayaquil, Ecuador, Thursday, Aug. 31.—Senor Lizardo Garcia, who was elected president of Ecuador, Jan. 11, assumed the presidency today. Senor Garcia was liberal candidate for the presidency of Ecuador. He had the support of the government and defeated the radical nominee, General Manuel Antonio Franco after an election marked by riotous proceedings. The new president formerly held the portfolios of public works and finance. He visited the United States in 1903.

Will Attend New York Conference.

Honolulu, August 24, via Victoria, B. C., Sept. 1.—Acting Governor Atkinson has accepted an invitation from the National Civic Federation for ten citizens of Hawaii to attend a national conference to be held in New York next December. The acting governor says that Hawaii is especially interested in the subject, being anxious to settle her lands with a citizen popula-

AN ARMISTICE HAS BEEN AGREED UPON

Will Take Effect When Envoys Sign the Treaty.

TREATY IS NOT YET COMPLETE

The Declaring of an Armistice Will Mark the Conclusion of the Great Russian-Japanese War, Which Has Been Going On For 18 Months.

Portsmouth, N. H., Sept. 2.—An armistice has been signed to take effect after signature to the treaty.

It is now expected that the text of the treaty will be completed by tomorrow night or Sunday. Full summaries, if not the actual text, will then be cabled to Tokio and St. Petersburg for the approval of the respective governments and by Tuesday or Wednesday at the latest, M. Witte and Baron Komura expect to receive final authority to affix their signatures.

The subsequent exchange of ratifications by the two governments will be simply a formality. Mr. Dennison an Mr. DeMaartens will meet again this afternoon. The conditions of the armistice or rather complet suspension of hostilities marking the conclusion of the war, will be arranged except for minor details by the plenipotentiaries here. Technically, the formal cessation of hostilities to be arranged today will be an armistice inasmuch as it is temporary, pending the final exchange of ratifications. It will not provide for the ultimate release of the Russian and Japanese prisoners of war.

An article covering the latter subject wil be included in the treaty. The ceremony of signing the "treaty of Portsmouth" will be as quiet and unostentatious as possible. Both sides desire to avoid any spectacular scenes. Both realize that for different reasons the treaty will not be popular in their respective countries. In Japan especially there is expected to be a great popular outcry.

"We know," said a member of the Japanese mission today, "that we are going home to stones and perhaps to dynamite."

No arrangements looking to a joint farewell visit to President Roosevelt have been made or even suggested.

Baron Komura and M. Witte will go separately to Oyster Bay to express thanks on behalf of their respective countries and say "Goodby." M. Witte expects to sail Sept. 12, on the Kaiser Wilhelm II. He has already provisionally engaged a suite of rooms on that steamer. Baron Komura has provisionally engaged a suite of rooms on a steamer sailing from the Pacific coast Sept. 20. He and his suite expect to leave New York Sept. 12.

The projected trips of the missions to the White mountains have practically been abandoned because of lack of time. The treaty of Portsmouth is to be given to the world. There is to be no secret about it, neither government having any reason to withhold it.

It provisions are therefore to be published broadcast textually, but not immediately.

Mr. Sato said to the Associated Press today that it would not be given out until the final ratifications had been exchanged by the sovereigns of the two countries.

The treaty will be engrossed on the treaty paper on the American state department, a peculiarly fine quality of linen parchment paper. Two of the caligraphers of the state department have been sent for to come here and do the engrossing. It is officially stated that President Roosevelt will not come to Portsmouth to be present a the signing of the treaty.

Invite President to Banquet.

Oyster Bay, Sept. 2.—President Roosevelt received today an invitation on the part of the state of New Hampshire, to attend a banquet to be tendered by that state to the peace envoys of Russia and Japan. The banquet probably will be held at the Mountains at some time in the near future yet to be determined definitely. Senator Burnham who extended the invitation already had been informed by the president that he would be unable to go to New Hampshire this month but it was decided to make to him this personal appeal to change his mind.

SEQUEL TO KIDNAPING CASE.

Mother of Little Girl Who Was Stolen Gets Information.

New York, Sept. 2.—There has been a strange sequel to the mysterious kidnaping, nine years ago, of pretty Rosie Cohen, an East Side girl.

The girl's mother lives in Orchard street and was surprised yesterday by a visit by an unknown man, who called the mother to the door and after telling her he knew the present whereabouts of the daughter, thrust a recent photograph of the girl into her hands and with the remarks, "She's changed her name; it's no use for you to try to find her," disappeared.

In the winter of 1896 the girl, nearly 5 years old, was playing in the street in front of her home when a man was seen to creep up, place his hand over the child's mouth, caught her up in his arms and fled. The police worked on the case a long time without success. The parents were heart-broken and gave up hope of ever knowing her whereabouts.

When the man visited Mrs. Cohen yesterday, she pleaded with him for knowledge of the girl's where abouts, but he refused to tell her.

"She would not be happy here," he said, "she's doing all right and has forgotten you. She changed her name. Now just forget her and don't try to find her. It won't do you any good."

The police were at once notified and are inclined to believe the man having found the mother, intends demanding a ransom.

Charged with Double Crime.

Seattle, Wash., Sept. 2—Charged with the murder of Philip Ross and his wife, and the burning of their saloon at Kerryston to conceal their crime, William Moore, a negro, and John Dallas, who came from Louisiana in the same gang to work in the Kerrystone mills, several months ago, have been arrested by officers of the city and county. More was caught at Cleelum, in Kittatas county. After the man was taken into custody, Starwich, the deputy sheriff, succeeded in eliciting from him a virtual confession of the crime committed last Sunday. A letter which has been received by the murdered man was found on the prisoner's person. Dallas was arrested in Seattle. He denied that he ever had been in Kerryston.

View Sun's Eclipse as Planned.

London, Sept. 2.—Professor William Joseph Hussey, of the Lick observatory expedition, cables to the Associated Press from Assouan, Egypt, that the expedition executed its eclipse program as planned. The elongates were in the form of streamers of fish tail type, with rays from the sun spot zone, especially from the southeast limb. North polar streamers distinctly recurred. Prominences were pronounced especially those near the north. The motion of the shadow bands was determined.

Extra Force at Mint Discharged.

San Francisco, Sept. 2.—The extra force employed in the San Francisco mint for the past two years has been dismissed for lack of work. The extra force consisted of sixty men and thirty women, who were engaged in assisting in the coinage of Filipino silver which increased the work of the mint during the past two years while the ordinary coinage was also far in excess of the regular amount. The total coinage of the mint for August was $9,088,000 and in addition 4,000,000 Filipino pesos were coined.

Injunction Against Miners.

Chattanooga, Tenn., Sept. 2—United States Judge C. D. Clark this morning issued a restraining order against the striking miners at Tracy City. It was granted upon the petition of the Tennessee Mining company, and forbids the miners in any way interfering with the operations of the company's mines. The application for an injunction will be heard Sept. 7.

TEN PEOPLE KILLED IN RAILWAY WRECK

Express Train on English Railroad Jumps the Track.

FLAMES CONSUME THE WRECK

Cars Left the Track at a Station and Completely Demolished the Building—The Rear Cars Only Jumped the Track.

Witham, England, Sept. 2. [illegible] express from London to [illegible] the Great Eastern railway [illegible] tering Witham station this [illegible] several passenger cars left [illegible] and crashed into the station [illegible] causing the death of ten [illegible] of whom were women, and [illegible] injuring 20 people.

Among those killed was [illegible] of the station, who was [illegible] room on the platform.

Two ticket sellers were [illegible] in the wreckage, but escaped [illegible] injury.

The gasometers beneath [illegible] caught fire and consumed [illegible] age.

Fortunately, however, all [illegible] were removed before the [illegible] ed much headway.

It was the rear cars that [illegible] track, the engine and front [illegible] ed the platform of the station [illegible] ished the buildings, and [illegible] over on their sides.

The train was running at [illegible] Witham not being a stopping [illegible] for the express train.

FORM STRIKE BREAKERS' UNION

In View of Any Trouble with the Printers Now Out in Chicago.

Chicago, Sept. 2—[illegible] their services will soon be [illegible] again owing to the [illegible] special deputy sheriffs and [illegible] held an extra meeting [illegible] organized a strike breakers' [illegible] scale of wages of not less than $3 [illegible] day and $6 if it can be secured [illegible] fixed.

Charles E. Turk, a discharged [illegible] man was elected president.

Each of the 110 charter [illegible] paid 25 cents for expenses.

President Turk [illegible] and said that every one present [illegible] sign it, the idea being that [illegible] man that signed was to [illegible] position. A large number [illegible] each other in their hand [illegible] book.

Georgian Alive and Well.

Rome, Ga., Sept. 2—[illegible] from New Orleans last night [illegible] that George Clement [illegible] States vice consul at [illegible] died there a few days [illegible] fever. Consul Clement [illegible] but is here in Rome [illegible] ents, and is well and [illegible] seen by the Associated [illegible] spondent today. Mr. [illegible] story must have grown [illegible] fact that his brother [illegible] died there in May [illegible] has a leave of absence [illegible] he will return to [illegible] America.

Golden Cross Events.

Knoxville, Sept. 2. [illegible] commandery of the [illegible] Golden Cross will [illegible] fare here for [illegible] The lot for the [illegible] been purchased. [illegible] of records has [illegible] ters here. The order [illegible] in Knoxville in 1876. [illegible] fund shows a cash [illegible]

Morocco's Sultan Yields.

Paris, Sept. 2—The Fr[illegible] at Fez, Morocco, has [illegible] the sultan had released the [illegible] citizen, Bourain, but he [illegible] nied his release with [illegible] giving satisfaction for the [illegible] demands. The government [illegible] mined to press its claims [illegible] are fully satisfied.

G. & G. SURVEY TO BEGIN MONDAY

Chief Patton and His Corps Ready to Establish the Lines.

IT WILL TAKE TWENTY DAYS

First Vice-President Stuckey Declares Work Will Begin on Right-of-Way Within Thirty Days, and Road Will be Pushed Rapidly.

The surveying corps, under Chief Surveyor J. W. Patton, has made all arrangements for their departure tomorrow morning for Fairfield, from which point they will begin surveying a preliminary line for the construction of the Gainesville and Gulf railroad to Tampa.

This looks like business. As First Vice-President Stuckey remarked a few days ago, the new company means business, and proposes to extend the road as quickly as possible to Tampa, the southern terminus, which will afford an outlet to Gulf points.

Surveyor Patton returned Saturday from Jacksonville, where he went to secure drawing paper and additional instruments, tents, and a full camp equippage for the corps.

Several lines will be run, and work will begin upon the line selected within thirty days. There are twelve members of the party, and Chief Patton believes the corps can finish its work in twenty days.

AT THE CHURCHES TODAY.

All Ministers Save One Have Returned, and Will Fill Own Pulpits.

All ministers of the city have returned from their respective vacations except Rev. Thos. P. Hay, who is expected with his family on the 6th inst., and as a result each minister, with that exception, will officiate at his own church this morning, with a union service in the evening at the Baptist church, when Rev. T. J. Nixon will deliver the sermon.

Services will be observed as follows:

First Presbyterian Church—10:30 a. m., service conducted by Elder J. H. Vidal; Sabbath school at 4 p. m. No evening service.

Kavanaugh Methodist Church, Rev. T. J. Nixon—Sunday school at 9:30 a. m. Preaching at 10:30 a. m. Subject, "What Constitutes a Good Man." Communion at the close of the service. Junior League at 3 p. m.; Senior League at 4 p. m. No evening service. The congregation will join in the union service at the Baptist church.

First Baptist Church, Rev. S. B. Rogers—Sunday school at 9:30. Preaching at 10:30. Subject, "Echoes" Meeting of Sunbeams at 3 and B. Y. P. U. at 4 o'clock p. m. Evening service at 7:45, preaching by Rev. T. J. Nixon of the Methodist church.

Advent Christian Church—Elder B. D. Baldwin of North Carolina will fill the pulpit this morning at 11 o'clock, and this evening at 7:40. Subject for the morning, "Signs of the Coming Christ." For the evening, "Sanctification." Sunday school at the usual hour.

The usual services will be held at Holy Trinity Episcopal Church, Rev. F. H. Craighill, and St. Patrick's Catholic Church, Rev. P. J. Lynch.

Cause of Insomnia.

Indigestion nearly always disturbs the sleep more or less and is often the cause of insomnia. Many cases have been permanently cured by Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

$100,000 Fire at Jackson, Tenn.

Jackson, Tenn., Sept. 2.—Fire destroyed the plant of the Jackson Woolen mills, and pants factory, early today, entailing a loss of $100,000; partially covered by insurance.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundancy.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

J. E. Bedilford & Co., Special Agents

How Is Baby Today?

Better, thank you. In fact, quite well. Fat, round and full of life and mischief. Pink and white flesh, dotted with dimples. No cough, no indigestion.

All on account of

OZOMULSION

administered by a mother whose love was tempered with common sense.

She knows that OZOMULSION is a fountain of energy for grown-ups, too. It stops waste of flesh. It makes plenty of rich blood. For pale, feeble folk it is the chief nourisher at life's feast. It cures Consumption when taken in time. All druggists sell it—50 cents and $1.00 the bottle. Let us send you

98 Pine Street, New York.

IN HONOR OF MISS JOLLY.

Patrons of Rocky Hill School Give a Picnic and Dance.

There was a big picnic and fish fry at Haile Sink, west of Gainesville, on September 1st, given in honor of Miss Jolly, teacher of the Rocky Hill school, at which there was a large attendance and a general good time. There was plenty to eat and the day will be long remembered by the patrons of the school and their friends who attended, people being present from Palmer, Arredondo, Kanapaha and surrounding country. At night there was an enjoyable dance at the home of Mr. and Mrs. D. L. Williams and the young folks participated until about 2 o'clock Saturday morning.

The term of the school which has just closed has been a most successful one, and Miss Jolly has endeared herself to both patrons and pupils, all of whom hope that she will again be assigned to Rocky Hill school.

Abscess.

Abscesses, with few exceptions, are indicative of constipation or debility. W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment: I got a 50c size, and it cured my leg. It is the best liniment in the world." Sold by W. M. Johnson.

THE YELLOW FEVER.

Pensacola Feels Hopeful—New Orleans is Gaining on Disease.

Pensacola, Sept. 2.—George Dansby of Miami was attacked yesterday and he was cared for at once. All the other cases are of a mild type.

At New Orleans.

New Orleans, Sept. 2.—From 6 p. m. yesterday to noon today there were 15 new cases and two deaths. Total cases to date, 1,973; total deaths, 283.

Cured of Lame Back After 15 Years of Suffering.

"I had been troubled with lame back for fifteen years and found complete recovery in the use of Chamberlain's Pain Balm," says John G. Bisher, Gillam, Ind. This liniment is also without an equal for sprains and bruises. It is for sale by all druggists.

Miners Agree on Wage Scale.

Helena, Mont., Sept. 2.—At a conference yesterday of the United Mine Workers of America for the district comprising Montana and Wyoming, it was agreed to accept the present scale of wages for another year. This action precludes any possibility of a strike on this score for another year.

Woman Dies From Cholera.

Rastenburg, East Prussia, Sept. 2—A woman named Duddey, who died of cholera here today came from Boohun with her family by way of Berlin. It appears that she drank water at a railroad station on the way here, and it is presumed that it was infected.

Attacked by a Mob

And beaten in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve and was soon sound and well. "I use it in my family," writes G. J. Welch of Tekonsha, Mich., "and find it perfect." Simply great for cuts and burns. Only 25c at all drug stores.

THE ODD FELLOWS POLL LARGE VOTE

But Do Not Overcome the Fine Lead of Kirby Smith.

OVER 81,000 VOTES POLLED

Earnest Workers Make a Good Gain. High School Gets Over a Hundred. Elks Make a Small Gain—The Leaders Working Hard.

The ending of the twelfth week of the Library Contest leaves all the contestants the same as last week, although the Odd Fellows' Home made a gain of over 15,000 votes, with Kirby Smith Chapter a close second with about two thousand less. The Earnest Workers gained over two thousand, and all but the Knights of Pythias and Masons had a few votes.

This week all the voting places sent in their returns, which makes the total larger than last week. The score to date follows:

Kirby Smith Chapter	135,308
Odd Fellows' Home	86 530
Earnest Workers	40,281
Union Academy	7,096
High School	5,666
Knights of Pythias	2,586
Masons	1,450
Elks	1,290

INDUSTRIAL EDITION.

On Thursday, November 16, 1905, the publisher of The Gainesville Daily Sun will issue an Industrial Edition of this paper, which will comprise a complete descriptive write-up of Alachua county, including the city of Gainesville, giving a description of its Industries, Mineral Products, Resources of the Soil, as well as its Educational Advantages, Future Prospects and its adaptability as a home for those seeking a location for business activity or for health.

This edition will be printed on high grade book paper, profusely illustrated, with an illuminated cover that will be highly attractive. The edition will comprise 20,000 copies of 36 pages each, including the cover, and will be of great value to those who desire to send them away to their friends, as the facts it contains will be thoroughly reliable.

A limited space will be reserved in this Industrial Edition of The Sun for the use of legitimate advertising, and reliable business houses will find it to their advantage to communicate for space at the earliest possible date.

The Object

Of this edition is to have a greater portion of the 20,000 copies for FREE distribution at the Florida State Mid-Winter Fair at Tampa, November 15 to 30, 1905, to familiarize the people who visit that exhibition with the advantages offered to settlers in Alachua county, the county of varied resources and the Hub of the Peninsular State of the South.

For further information, address THE DAILY SUN, Gainesville, Fla.

Island—Jessie Barrs.
Orange Lane—Janie Bailey.
Hague—Annie Turner.

The schools will open September 11th and 11th, and the majority on September 2nd. The Superintendent will be pleased to hear from superintendents or trustees as to time preferred for opening of schools.

The Gainesville Juniors.

The Gainesville Junior baseball team returned to the city Friday night, after having played a series of games at High Springs and Live Oak with the following result:

High Springs—First game, score 4 to 3 in favor High Springs; second game, Gainesville 3, High Shrings 3; third game, Gainesville 2, High Springs 1.

Live Oak—First game, Live Oak 6, Gainesville 0; second game, Live Oak 4, Gainesville 4; third game, Live Oak 1, Gainesville 1. This game was called at the end of the fifth inning, as the Gainesville team could not remain. The third game at High Springs was also called on account of rain.

After the Gainesville boys had been treated so nicely at High Springs, four of the team remained over in Alachua and played with the High Springs boys against Alachua. High Springs won, 12 to 11, in an exciting game.

MOZLEY'S LEMON ELIXIR

REGULATES THE
LIVER,
STOMACH,
BOWELS,
KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

MOZLEY'S LEMON ELIXIR.

UNIVERSITY NORMAL NOTES.

Interesting Budget of Personals Regarding That Institution.

Misses Hortense Broward and Christopher of the Duval County High School faculty left for their homes Saturday. They spoke in very high terms of the work accomplished by the University Normal, where they have been in attendance for the past two months.

Miss Ollie Chapman left for her home at Lake Butler after eight weeks' hard work.

Prof. A. W. Jackson, a member of the Normal faculty, left for his home at White Springs Friday night. Prof. Jackson made a legion of friends during his stay in the city, and, judging from the commendation of those under his instruction, proved himself to be one of the educational leaders of the State. His lecture on geography, illustrated by stereopticon views, was one of the rare intellectual treats of the session.

Miss Rowena Longmire, instructor in charge of the primary work, left Saturday for Daytona, where she will enjoy the ocean air for a couple of weeks. Miss Longmire is a member of the Summerlin Institute faculty, located at Bartow. Students and faculty join in pronouncing the work of Miss Longmire exceptionally strong. The fact that every member of her class in primary work made in the recent State examination an excellent average, ranging from 88 to 98, is a magnificent proof of the school's endorsement.

Prof. Arthur Williams, professor of history and civics, left Saturday afternoon for his home at Tallahassee. Mr. Williams has been a prominent factor in the work of higher education in Florida for the past twelve years, and his work in the normal just closed contributed in no small degree to the success of the school. He has held the chair of history and sociology in the State College for the past five years, and for the coming session will occupy a similar position in the State College for Women at Tallahassee.

Dr. W. F. Yocum, "the Grand Old Man," as he is affectionately called by teachers, parents and children in every city, town and hamlet in Florida, left today for a visit to his family at Lake Geneva, in Polk county. No man in the State is more deserving of the beautiful tribute that Ben Hill paid to the Immortal Lee than Dr. Yocum.

Mrs. J. B. Johnston, well and favorably known in this city, having at one time occupied a position on the high school staff, has returned to her home at Dade City. Mrs. Johnston has been in charge of the work in English in the Normal, and from the interest manifested by her students and the improvement shown in their work her department has been a complete success.

Major W. L. Floyd and Capt. G. M. Lynch, the former in charge of the science department and the latter in charge of the department of mathematics, will remain in the city until the opening of the University of the State of Florida.

Miss Bessie McDonald, assistant teacher in the White Springs High School, after two months' earnest work, departed for home Friday afternoon.

Miss Rossie Sauls, a teacher student of the Normal, left for her home at Tallahassee Saturday.

Miss Maud McKenzie, Apalachicola, a member of the Normal classes, departed for her home Saturday.

Will Represent The Sun.

M. J. Divine left yesterday for Jacksonville, where he will spend a week or more visiting his family. Mr. Divine will look after the interests of The Sun during his absence and is authorized to make contracts for advertising in the regular editions as well as the Industrial and Midwinter State Fair edition. The Sun goes to nearly every home in Alachua county and also has a large circulation in the counties of Putnam, Bradford, Clay, Columbia, Lafayette and Levy. The Industrial edition will be distributed free at the State Fair, mailed to every subscriber of the daily and semi-weekly and distributed throughout the country to persons seeking information concerning Gainesville and Alachua county.

Any courtesies shown Mr. Divine in the way of patronage or otherwise will be duly appreciated by the management of The Sun.

Are You Engaged?

Engaged people should remember that, after marriage, many quarrels can be avoided by keeping their digestions in good condition with Electric Bitters. S. A. Brown of Bennettsville, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once and finally made her entirely well. She is now strong and healthy." Sold at all drug stores and guaranteed, at 50c a bottle.

Dr. Watkins Resigns.

Dr. J. D. Watkins, for the past two years general agent of the Gainesville and Gulf Railway in this city, tendered his resignation during the latter part of August, and same went into effect on the 1st inst. Dr. Watkins has proven himself quite competent in the capacity of general agent, but decided that it was more profitable to devote his time to other interests. It has been announced that the office of general agent of this road will be abolished for the present.

A Remedy Without a Peer.

"I find Chamberlain's Stomach and Liver Tablets more beneficial than any other remedy I ever used for stomach trouble," says J. P. Klote of Edna, Mo. For any disorder of the stomach, biliousness or constipation, these tablets are without a peer. For sale by all druggists.

The Mayor's Court.

There should have been a mayor's court Friday morning—but there wasn't. The dignified acting mayor, Councilman Geo. K. Broome, Acting Marshal Warren, and all the witnesses were present and in readiness to arraign John Smith upon a charge of fighting and disorderly conduct. John was arrested the night previous and furnished a bond, however, and he apparently did not feel like appearing, as the bond was forfeited.

Got Off Cheap

He may well think he has got off cheap who, after having contracted constipation or indigestion, is still able to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills. A quick, pleasant and certain cure for headache, constipation, etc. 25c at all drug stores; guaranteed.

Monday Labor Day.

Monday being Labor Day, and a National holiday, the United States land office and the bank will be closed all day. The postoffice will observe the usual holiday hours, the general delivery being open from 1:30 to 2:30 p. m. Patrons will be governed accordingly.

Sprains.

S. A. Read, Cameron, Tex., writes, March 11, 1901: "My wrist was sprained so badly by a fall that it was useless; and after using several remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it to anyone suffering from sprains." Sold by W. M. Johnson.

Ayer's Sarsaparilla. Used in all parts of the world for over 60 years. Has the unqualified endorsement of the best physicians. A strong nerve tonic. A blood purifier of great power. J. C. Ayer Co., Lowell, Mass.

NEWS FROM ALL PARTS OF FLORIDA

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

Stephens & Godwin's shingle mill at Hampton has commenced business again.

People in the vicinity of Lotus are suffering from colds that seem to be never-ending.

A couple of catamounts are making it lively for the hunters near Bellville, Hamilton county.

The school at Lotus, Brevard county, has lost its teacher—strayed or stolen, we don't know which.

Bradentown longs to listen to the music of the band, which they loved the while and then lost.

Dr. E. L. Stewart of Starke has gone to Daytona to practice his profession. He is a popular physician.

Eau Gallie postoffice has so much business that the postmaster has decided on getting an assistant.

For 26 days in August Tampa had rain. One would think the people to be water-logged in that time.

The car service of the Manatee Light and Traction Company are on hand ready for the opening October 1st.

Umatilla now has a meat market and the residents of that place will lay the hunk of bacon to one side for a few days.

The Jacksonville Pure Food and Industrial Exposition promises to be a big thing, but the people are clamoring for a carnival.

John Segni was drowned in Hogan's Creek at Jacksonville, Thursday, and Henry Dyal, a colored man who tried to save him, had a close call.

The people of Live Oak are getting tired of having the railroad companies use the best streets for yard purposes, and will make a vigorous kick.

Detective Etheridge of Ocala has arrested Pearson Saunders, a negro wanted in Scriven county, Ga., for murder. Saunders is said to be a bad man.

Some of the retail dealers of the city of Tampa have formed a Credit Man's Association. Abe Maas is the president, and J. L. Hollingworth is secretary.

There are seven in the detention camp at Jacksonville for yellow fever suspects. The euphonious cognomen of the camp is Durrance—durance vile, it is supposed.

The Manatee River Journal was 18 years old Friday, September 1st, and it is a credit to Bradentown. The Sun extends best wishes to Bro. Humphries and hopes he may continue to prosper.

Isaiah Cooper, the negro who was sentenced to be hung at Arcadia, has been granted a respite until further notice. Cooper killed Marshal Bowman of Punta Gorda. It is not known on what grounds the death warrant was recalled by the Board of Pardons.

Recently a wildcat broke into the fowl house of J. B. Moody near Charlotte Harbor and killed forty-seven of his chickens. He lays the blame for this on Bruce Knight, whom he charges with having run out all the good dogs by introducing pointers and setters, and it was the want of good dogs that enabled the wildcat to commit the slaughter.—Punta Gorda Herald.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

MERCURY

WORSE THAN THE DISEASE

The effects of Mercury and Potash are worse than the effects of Contagious Blood Poison, for which these minerals are generally used. They cannot cure the disease, and in addition set up a poison of their own, producing dyspepsia, by drying up the gastric juices, salivation, sores, mercurial rheumatism, and often necrosis of the bones.

Bowling Green, Ky., Mitchell House.

Gentlemen:—For over four years I suffered greatly from a severe case of Contagious Blood Poison. I went to Hot Springs, staying there four months at a big expense. I then consulted physicians, who prescribed Mercury. Nothing did me any good, in fact the treatment proved more harmful than beneficial. Thus I continued to suffer for four years. I mentioned my case to a friend, who told me that S. S. S. had certainly cured him. I at once commenced its use, and in six months could find no trace of the disease whatever. This was about two years ago, and there has been no signs of return. D. M. SANDERS.

S. S. S., a remedy made from roots, herbs and barks, is the only known antidote for Contagious Blood Poison. It thoroughly and permanently eradicates the poison from the blood so that no sign is ever seen of the disease in future. S. S. S. builds up instead of tearing down the system, as do Mercury and Potash, and when it has cured the disease every part of the body has been toned up by its purifying and tonic effects. S. S. S. also removes any effects of the mineral treatment from the blood. We offer a reward of $1,000.00 for proof that S. S. S. contains a particle of Mercury, Potash or any other mineral. Home treatment book and any medical advice will be given without charge.

SSS

PURELY VEGETABLE.

THE SWIFT SPECIFIC CO., Atlanta, Ga.

Peculiar Religious Sect.

Raleigh, N. C., Sept. 2.—The staongest sect now conducting what is called religious services in North Carolina, is that which terms itself the "Burning Bush" people, but which the general public terms "The Holy Jumpers." These people are of both sexes and the women scream and dance for long periods in the most public places they are allowed to remain in, while the men denounce all the doctrines except their own. It is claimed that these people have, to a notable degree, the power of hypnotism, and that they exercise it very freely. Their work is done among the most ignorant whites in the Piedmont mountain region of North Carolina.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostrate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostrate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. W. McCollum & Co.

Aeronaut Blown to Pieces.

Greenville, O., Sept. 2.—Aeronaut Baldwin, of Logansville, Ind., was on Thursday blown to shreds with his balloon at a height of 2,000 feet. He was giving an exhibition of the use of dynamite from a balloon for war purposes and had three sticks of the explosive with him. When he was 2,000 feet in the air, in full sight of thousands of people attending the county fair, by some accident the dynamite exploded, and the balloon and man were were literally torn to fragments. Baldwin's wife was a witness to the horrible scene.

Do Not Desire Social Equality.

Montgomery, Ala., Sept. 2.—W. H. Councill, second only to Boker Washington in fame as a negro educator, head of the state school at Normal, writes the govenor that the negro does not desire social equality, nor seek it, and gives it as his opinion that Booker Washington does not either and that he would not, in any case, be a party to violating the south's ideas along this line. He makes a plea for the protection of the negro by southern people, and says their progress is due to them.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. McCollum & Co.

Five Cent Cigar His Reward.

Chicago, Sept. 2.—A dispatch to the Tribune from Kankakee, Ill., says that E. W. Taylor, a real estate dealer found a picketbook containing $100 in bills, a check amounting to $66,200, on a Birmingham, Ala., bank and a bank book showing the owner had $196,000 deposited in the same institution, on a Chicago bound train yesterday. The claimant, Frank P. Koontz Jr., of Birmingham, Ala., gave the finder a 5-cent cigar.

Entire Business Section Burned.

Cincinnati, Sept. 2.—A Times-Star special from Maysville says that almost th eentire business section of Flemingsburg, Ky., was burned early today, which consumed the railroad depot and two newspaper offices. It started near the depot and spread rapidly. Nearly the entire business section had been destroyed before the fire was brought under control. The loss will aggregate $75,000 with very little insurance.

A Clear Complexion and Bright Eyes.

In most cases a sallow, blotched complexion and dull heavy eyes are due to poor digestion and an inactive liver. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels and makes the complexion smooth and clear. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

Taft and Party Sail for Japan.

Manila, P. I., Sept. 2.—Secretary of War Taft and party sailed on the transport Logan at noon today for Japan. There was a notable demonstration in the bay just before the Logan sailed. Many valuable presents were presented to Miss Alice Roosevelt by the natives after she had gone aboard the Logan.

Chamberlain's Cough Remedy Aids Nature.

Medicines that aid nature are always most effectual. Chamberlain's Cough Remedy acts on this plan. It allays the cough, relieves the lungs, aids expectoration, opens the secretions, and aids nature in restoring the system to a healthy condition. Sold by all druggists.

The Daily Sun

Entered at the Post Office at Gainesville, Fla., as second-class mail matter.

E. S. McCREARY, Editor and Publisher.
W. W. ASHLEY, Associate Editor.

JESSE E. BURTZ, City Editor.

LOUIS J. BRUMBY, Gen'l Traveling Agent.

F. M. PREWITT, Supt. Composing Rooms.

OFFICE: PORTER BLOCK.
28 W. Main Street, S. TELEPHONE 43-2

THE DAILY SUN, published every morning except Monday, delivered by carrier in the city, or mailed to any part of the United States, postage free, for $4 a year, $2.50 six months; $1.25 three months; 50 cents for five weeks—strictly in advance.

Reading notices in local column 10 cents a line for first insertion, and 5 cents for each additional insertion.

Rates for display advertising made known on application.

The Twice-a-Week Sun is an eight-page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, state and general, and will be mailed, postage free, to any part of the United States or Canada, for $1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN,
GAINESVILLE, FLA.

IMPORTANT NOTICE.

We wish to state that we are now prepared to contract advertising favors for the Industrial Edition of The Sun. Those who desire preferred space should make application at their earliest convenience.

The Industrial Edition of The Sun will be the only medium at the Tampa State Fair that will represent Gainesville and Alachua county.

The Titusville Advocate has done good work in its 16 years of existence. Success to it.

The Japs have peace at home, while the Russians may have a hard struggle with the revolutionists.

While Luther Burbank is endeavoring to evolve a cobless ear of corn, the charity socials will soon produce their mysterious oyster soup.

Naturally, mentally and physically President Roosevelt is "all right." But his social equality is a dodgasted notion that we wish he would discard.

The Filipinos are getting anxious to have Taft leave the islands, as they are getting tired of the armistice and want to get down to butchering again.

A new hotel is to be built in New York City 42 stories high. Patrons will take the elevator to the top story on Sunday morning instead of coming down for worship.

The hotel accommodations in nearly every town and city in Florida have been greatly increased during the summer and some of them are already booking winter guests.

A Jacksonville, Fla., judge has issued an injunction to prevent strikers from loafing. That man has nerve enough to attempt to enjoin a man from swearing when he steps with bare feet on a tack on the carpet at night.—Atlanta Journal.

According to an Indian legend, the first mosquito was a giant. If his bite was proportioned to the size of the present insects that are doing business there would be no use in trying to live in some portions of this country. The present insects have a bite that equals a gnat.

Kaiser will notify the Czar that he made the severest diplomatic play on record in the settlement with Japan and await results to see whether it will be safe for him to return home. If the Czar should not take kindly to the big statesman's advice he may take him up—to Siberia.

Russia is bluster and pretentions, now that the war is over and peace assured, says The Savannah News, are very much in view of the thoroughness of her whipping. All that saved Japan from being chased into the sea, after she was Japan's sudden acceptance of her ultimatum. All arrangements had been completed to turn Liberty loose upon the impotent enemy and annihilate him. The comedy side of the war tragedy is amusing.

FLORIDA CANNED FRUIT.

The assertion that Florida peaches and tomatoes do not keep as well as Northern grown fruit, and are deficient in flavor, is without foundation of truth. The writer has sampled both and speaks from experience. The Florida peach industry is yet young, and it will be several years before the orchards of the State will be at their best, but from samples of fruit we have seen, it is a sure thing the fine flavor is there. To be sure there are some varieties grown here that are inferior, but they will soon be culled out when the owner gets posted on the fruit most suited to this climate and soil.

The tomatoes grown and ripened in Florida are also equal to those grown in the North, and excel them in flavor, not being so tart. These tomatoes can be worked up so as not to lose even a green or ripe one, and will be, when someone realizes the fact that chili sauce, chow chow and ketchup can be put up here as cheaply as in any State in the country, for the plants can be made to bear to their fullest extent, as they are not in danger of being nipped by an early frost.

The great trouble has been that a large number of our truck growers have manifested a desire to be "shippers to the Northern markets," and have fired them first at random to any market, when if they had a home market and could save the expense of packing and the chances in shipping, they would make more clean money in the end. This can be done by the establishment of factories, and it will not be long when this will come about.

THE RESULTS.

Many papers are summing up the losses and gains during the war in the Far East, and the following results will be of interest:

What Russia has lost by the war:
Millions in warships.
Immense quantities of war material.
Millions in Dalny and Port Arthur.
Millions in Manchurian railway adventure.
Part of Sakhalin.
Asiatic commercial prestige.
Asiatic political prestige.

What Japan has gained:
A great increase in her navy.
Much war plunder.
Part of Sakhalin.
Asiatic commercial prestige.
Asiatic political prestige.
The admiration of the world.
The fear of patronizing and insolent powers.
Great honor for her broad-minded deference to the world-wide judgment that peace was in order

SAVANNAH.

The Savannah Morning News of Friday, September 1st, gives very many interesting figures regarding the commerce of that city for the year ending August 31st. The increase in a business way is most flattering, and there is a gain in every branch of industry that is indeed a surprise to all. The importations are in excess of what might have been expected and the outlook for the city is beyond the anticipations of the most enthusiastic citizen.

Savannah will continue to hold her position as the leading seaport city of Georgia, and much pains are taken to maintain its beauty and health as a residence city. All in all, Savannah will stand well at the front for stability with any of the cities along the Atlantic seaboard.

Newspapers that have been in the habit of sending a complete line of bazaar goods along with their editions, have been shut down on by the post-office department, and such goods will have to go by frieght hereafter.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. Cheney & Co., Toledo, O.

Sold by all druggists, 75c.

Take Hall's Family Pills for constipation.

SUNSTROKES.

A kind word and rose in the buttonhole is better than a floral piece on the coffin.

Some people will keep their property neat and tidy. Others should be obliged to.

It costs two cents to dispose of one cent's worth of old trash saved up, besides storage.

The reason everybody notices a hypocrite in church is because they are so uncommon there, we suspect.

The birth rate in the United States has been declining since 1880. To make room for immigrants, no doubt.

Snow-white cotton exchanged to "long green" is a transformation scene now on the boards in several localities in this State.

When men go on a strike and they have no money to buy the necessaries of life, the goods remain in stock, causing "over-production."

Several papers about the State are writing lengthy articles giving advice to young men. The young men, however, prefer the baseball news.

A piece of brimstone on the water in a cistern will keep mosquitoes away. We have heard of people using language strong enough to smell the brimstone, yet the mosquitoes would hang around the bedroom.

In spite of the standing jokes about the weather man, it is probable that for every dollar spent on the weather bureau $10 are saved. At the time of the Mississippi flood of 1897, $15,000,000 worth of live stock and other property were saved as a result of warnings issued a week ahead. Signals displayed for a single hurricane have detained in port vessels valued, with their cargoes, at $20,000,000. The West Indian stations, established in 1898, inform us of hurricanes as soon as they begin. The course of the hurricane that caused the Galveston flood was charted for a week before it struck our shores—for hurricanes move slowly. Eighty-five per cent of the forecasts now come true, and by the aid of rural free delivery 25,000,000 forecast cards were distributed last year to farmers, many of whom could not have had them five years ago.

PIMPLES

"I tried all kinds of blood remedies which failed to do me any good but I have found the right thing at last. My face was full of pimples and blackheads. After taking Cascarets they all left. I am continuing the use of them and recommending them to my friends. I feel fine when I rise in the morning. Hope to have a chance to recommend Cascarets."
Fred C. Witten, 76 Elm St., Newark, N. J.

ORIGIN OF GOLD PENS

THE FIRST ONES WERE MADE IN ENGLAND AND WERE FAILURES.

Then an American Citizen Discovered That Iridium Could Be Used For Protecting the Points, and the Perfect Pen Resulted.

To an American is due the credit for having made the fountain pen the useful article it has come to be, for without the gold pen point, which cannot corrode, the fountain pen would be useless.

The manufacture of gold pens was commenced in the United States in 1835 by a watchmaker of Detroit. Attempts had been made in England to make gold pens prior to that time, but they met with little success. Alloyed gold is too soft to make a durable point, and this circumstance made it necessary to protect the pen points with diamonds or rubies until John Isaac Hawkins, a citizen of the United States, but residing in England while his experiments in the manufacturing of gold pens were in progress there, accidentally discovered that the native alloy of iridium and osmium ore, one of the hardest and most refractory of all metallic alloys, could be used for protecting the points to much better advantage and more cheaply.

Hawkins' rights were purchased by a clergyman of Detroit, who induced the watchmaker above mentioned to manufacture gold pens. The first pens made by him were poor substitutes for the quill then in use. In 1840 his plant was taken to New York, where the business was enlarged.

Quite an improvement was added to the plant by the machines for the making and tempering of the pens, invented by John Rendell, one of the employees of the establishment. This establishment soon produced a gold pen so perfect that it combined the elasticity of the quill with the permanency of the metal. About 1850 it was discovered that by imbedding the iridium points in the gold instead of soldering them on the corrosive influence of the ink on the two metals, the solder and the gold, was avoided and a firmer hold in the pen was given to the points.

The gold pen has been brought to its present degree of perfection by the American manufacturer, and the industry from its inception has been characterized by the use of American methods. For the production of the gold pen a high degree of skill is necessary, and only experts are employed in the different plants.

The gold used in the making of the pens is obtained from the United States assay office. It is then melted and alloyed about sixteen carats fine and rolled into a long, narrow ribbon, from which pen blanks or flat plates in the shape of a pen, but considerably thicker than the finished pen, are cut by means of a lever press or die and punch. The blunt nib of the blank is notched or recessed at the end to receive the iridium that forms the exceedingly hard point which all good pens possess.

The iridium is coated with a cream of borax ground in water and laid in the notch formed in the end of the blank. It is then secured by a process of sweating, which is nothing more or less than melting the gold of which the pen is formed so that it unites solidly with the iridium. The blank is then passed between rollers of peculiar form to give a gradually diminishing thickness from the point backward. The rolls have a small cavity in which the extreme end of the iridium pointed nib is placed to prevent injury to the iridium. After rolling the nib of every pen is stiffened and rendered spongy by hammering.

This is the most important process in the manufacture of the pen, as the elasticity of the pen depends entirely upon this operation. The pen is then trimmed by a press similar to that which is used for cutting out the blanks or by automatic machinery. When the blank has been trimmed the name of the manufacturer and the number of the pen are stamped on it by means of a screw press.

The pen is given its convex surface also by means of a screw press, the blank being pressed between a concave die beneath and a convex one above. Quite a little force is necessary to bring the pen to the required convexity, and when this operation is completed two jaws approach the blank and press it up on opposite edges, thus giving the pen its final shape.

The next step is to cut the iridium into two points by holding it on the edge of a thin copper disk which is charged with fine emery and oil and revolves at a high speed. The nib is then slit by a machine and the slit cleared by means of a fine circular saw. After slitting, the nibs are brought together by hammering, and the pen is burnished on the inside by a concave form and on the outside by a convex form. This is necessary to give the pen a uniform surface and greater elasticity.

These nibs are then set by the fingers alone, after which operation the pen is ground by a lathe with a thin steel disk and a copper cylinder, both charged with fine emery and oil. The slit sides of the nibs and the points are ground upon the copper cylinder. After the grinding is done the pen is polished upon buff wheels, which completes the process of manufacture.

Before the pen is placed upon the market, however, it is given a thorough inspection to see that it possesses the proper elasticity, fineness and weight, then passed to an inspector who tests it and weighs it.—Chicago Chronicle.

The Evil of Inheritance.

It is not so bad when a rich man cuts off his heirs for spite. Inheritance has worked enormous mischief ever since there were fortunes to leave. In most cases it is a misfortune to be an heir.—St. Louis Post-Dispatch.

NOTICE OF INCORPORATION.

Notice is hereby given that the undersigned and their associates will, as soon as this notice has been published for four weeks, apply to the Governor of the State of Florida for Letters Patent upon the following proposed charter.

E. BAIRD,
H. A. FORD,
G. C. CROM,
LEE GRAHAM,
F. D. WARNER,
E. LUDWIG,
FLORIDA FERTILIZER MANUFACTURING CO.

CHARTER OF THE LUDWIG TURPENTINE AND TAR COMPANY

I—The name of this corporation shall be the LUDWIG TURPENTINE AND TAR COMPANY. The principal place of business shall be at Gainesville, Alachua county, Florida

II—The general nature of the business to be transacted shall be the manufacture and sale of turpentine, tar and chemical products, and the construction and operation of factories, and transportation companies, and the running of commissaries as shall be necessary for the business of said corporation

III—The amount of the capital stock authorized by said corporation shall be Fifty Thousand ($50,000.00) Dollars, the number of shares five hundred (500), par value of each share to be One Hundred Dollars ($100) Five thousand dollars to be paid in cash and forty-five thousand dollars in machinery, tools, patents, implements, &c., making fifty thousand dollars paid-up non-assessable stock

IV—The corporation shall continue in existence for a term of ninety-nine years

V—The business of said corporation shall be conducted by a president, vice-president, secretary and treasurer, and a board of directors to consist of five (5) members, and such officers as may be created and appointed by the board of directors, or stockholders. The business shall be conducted by E. Baird as president, E. E. Cannon, vice-president, E. Ludwig, general manager, Lee Graham, secretary and treasurer, and the following directors: E. Ludwig, E. Baird, E. E. Cannon, Lee Graham, F. D. Warner, until there shall have been an election of officers held by the stockholders, and until the same shall have qualified. The first annual meeting of the stockholders for the election of officers shall be on the second Tuesday in January, 1906, and there shall be an annual meeting of the stockholders on the second Tuesday in January of each year thereafter.

VI—The highest amount of indebtedness or liability to which the corporation can at any time subject itself shall be Fifty Thousand Dollars.

VII—The names and residences of the subscribers to this charter are:

E. Ludwig, Gainesville, Florida, 100 shares.

E. Baird, Gainesville, Florida, 100 shares.

Lee Graham, Gainesville, Florida, 75 shares.

F. D. Warner, Gainesville, Florida, 75 shares.

H. A. Ford, Gainesville, Florida, 25 shares.

G. C. Crom, Ocala, Florida, 25 shares.

Florida Fertilizer Manufactoring Company, Gainesville, Florida, 100 shares.

VIII—The said corporation shall adopt an appropriate seal and shall adopt by-laws for the government of its affairs not inconsistent with the Articles of Incorporation and the Laws of the State of Florida, which may be amended or repealed as provided in said by-laws.

SLUMP IN COTTON CROP.

Condition of Staple for August Shows Material Decrease.

New York, Sept. 2.—The September crop report of the Journal of Commerce published Friday shows a decline in the condition of 3 points during the month of August.

The average condition as shown by reports from 1,300 special correspondents of acreage date Aug. 25, now being 72.4. This condition compares with 77.4 for the corresponding date last year, 76.6 in 1903, 71 in 1902, and 70.2 in 1901.

Deterioration is shown in all states except Arkansas, Tennessee and in Oklahoma, where condition gained respectively 1.6 points, 9 points and 9.3 points.

In the important producing states deterioration is shown as follows:

Texas, 3.3 to 69.5.
Georgia, 8 to 76.0.
South Carolina, 5.8 to 73.4.
Alabama, 5.8 to 73.4.
North Carolina, 4.7 to 80.6.
Mississippi, 2.4 to 69.6.
Louisiana, 1 to 64.0.

The average condition in Arkansas is 71.8, in Tennessee, 81.0, in Oklahoma 81.6. The Indian Territory declined 1½ points to 73.5 and Missouri 7 points to 84.

INDORSED THE PURE FOOD LAW

Action of the Southeastern Millers' Association.

Nashville, Tenn., Sept. 2.—At a general meeting of the Southeastern Millers association, held in Nashville, the Florida pure food law regulating the manufacture and sale of commercial feeding stuffs, is effect Aug. 22, 1905 was fully considered in all its bearings on the trade.

After careful deliberation it was the sense of the meeting that this law be heartily indorsed, and that every effort be made by the members of this association to encourage the passage of similar pure food laws in every southern state. It was decided that the secretary be instructed to write letters to the secretary of the state of Florida stating that the Southeastern Millers association, composed of 40 milling mills in the states of Tennessee, Kentucky, North Carolina, Georgia and Indiana heartily indorse the law.

THREE JURORS CURED

Of Cholera Morbus With One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

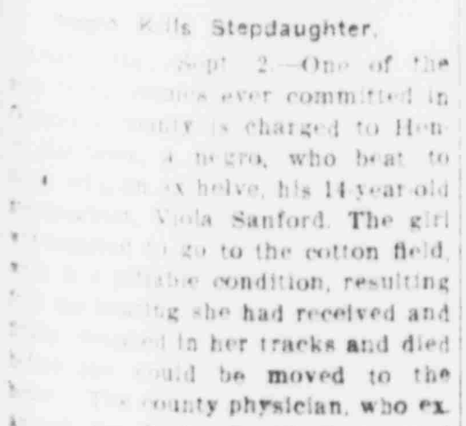
Mrs. W. Foster of Highpower, Ala., tells an experience he had while serving on a petit jury in a murder case at Talladega, county seat of Talladega county, Alabama. He says: "I ate some fresh meat for meat and it gave me cholera morbus in a very severe form. I never more sick in my life and sent to the drug store for a certain medicine, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead that he had what I sent for, but the medicine was so much better I would rather send it to me. I took one dose of it and in five minutes the pain relieved me entirely. Two doses effected in the same way. A small bottle cured the cholera." For sale by all druggists.

Kills Stepdaughter.

Sept. 2.—One of the most horrible crimes ever committed in this county is charged to Henry Jones, a negro, who beat to death with an axe helve, his 14-year-old stepdaughter, Viola Sanford. The girl refused to go to the cotton field, claiming she had received a sunstroke and was in a delicate condition, resulting in miscarriage. She had received and concealed in her tracks and died before it could be moved to the house. The county physician, who examined the body, found it covered from head to foot with cuts, bruises and discolorations of the skin. Matthews was arrested.

Mother of Six Sets of Twins.

Athens, Ga., Sept. 2.—The story of a Columbus negress the mother of children, is well nigh equalled by a negress, aged 60 years, has 28 living children, including six sets of twins. Unfortunate Americus negress is an inmate of the county poorhouse, supported by charity, instead of by her numerous progeny.



Mathushek Pianos,

NOTED FOR SWEETNESS AND PURITY OF TONE, POWER AND DURABILITY.

Best piano for this trying climate, stands in tune longer than others, constructed of best materials, and most artistic workmanship obtainable. Up to date in every detail and Unequaled.

Large Order for Chair Cars.

Chicago, Sept. 2.—What is claimed to be the largest order for chair cars given by a railroad in this country, has just been approved by executive officers of the Harriman lines. It calls for 75 extra long modern coaches, fitted with chairs upholstered in green. The total cost will be $750,000, and the cars, costing something over $10,000 each. They will be used in the system west of Ogden, Southern Pacific, Oregon Short Line, Shasta Route and Pacific Coast line. In addition to the passenger equipment orders have been given for 5,200 freight cars of various kinds, and 170 new locomotives. The cost of the new cars and engines will be close to $2,000,000. The contracts will call for 1906 delivery.

Observation of Eclipse a Failure.

St. Johns, N. F., Sept. 2.—The Lick astronomical observatory expedition which went to Cartwright, Labrador, to observe the total eclipse of Wednesday last met with complete failure. Heavy banks of clouds obscured the heavens during the entire period of eclipse. The report of the failure of the mission was brought here today by Governor MacGregor, who had accompanied the scientists to Cartwright and who returned here today on the warship Scylla. The governor said the expedition was located at Hamilton only about 50 miles from Cartwright, and was fully as unfortunate as those from Lick.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber of Sandy Level, Va. He says: "I had a terrible chest trouble caused by smoke and coal dust on my lungs, but after finding no relief in other remedies, I was cured by Dr. King's New Discovery for consumption, coughs and colds." Greatest sale of any cough or lung medicine in the world. At all drug stores, 50c and $1; guaranteed. Trial bottle free.

Dewey's Wife Returns Flag.

Montgomery, Ala., Sept. 2.—By order of Mrs. Mildred Dewey, wife of Admiral Dewey, the Smithsonian Institute has returned the flag of the Twenty-eighth Alabama regiment, confederate army. It has been in the institute since the death of Mrs. Dewey's former husband, General W. B. Hazen, in 1887. The flag was captured by the command of General Hazen at Orchard Knob. In a letter Mrs. Dewey says: "I feel nothing but kindness to the south, who have shown only good will and friendship to Admiral Dewey and me."

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Matter Indestructible.

An essential property of matter, but which does not commend itself to superficial observation, like those of extension and resistance, is indestructibility. So far as experiment and observation can discover matter can neither be created nor destroyed. On the surface facts seem to contradict this assertion, for any particular portion of matter may be decomposed and resolved into its constituent parts so that it seems to have disappeared, because the form under which we knew it is no longer present. In reality, however, no diminution in the quantity of existing matter has taken place. One proof of this is easily afforded by combustion. If we allow a piece of wood or coal or any combustible solid body to "burn away," there will, as we all know, be ashes remaining. If while the combustion is going on we take means to preserve not only the ashes, but also every part of the body which would ordinarily be dissipated, as smoke and steam, and then weigh all the different substances, solid, liquid or gaseous, that we have obtained, we shall find the combined weights equal to the original weight of the body itself.

Beautiful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all woman beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. Mrs. Wm. M. Stroud, Midlothian, Tex., writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." Sold by W. M. Johnson.

Woolen and Worsted.

If a piece of woolen cloth is examined through a microscope, the two yarns warp and weft—are found to be so crossed and closely matted together as to be indistinguishable, but in a piece of worsted material you can easily distinguish them. This is due to the fact that woolen goods are made from short stapled carded wools, whose fibers in the process of carding have been made to overlap each other so as to become closely matted or felted, while worsted goods are made from long stapled wools that have been carded and then combed till the fibers lie as straight and parallel as possible.

Devoured by Worms.

Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from inanition, their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother. Sold by W. M. Johnson.

A GREAT EDUCATIONAL MOVEMENT!

A Magnificent Library Worth $500 Offered Free of Cost!

Something SUN Readers Should Consider

Read the Following Details Carefully:

The Mystery Surrounding the Beautiful Display in G. W. HYDE'S Window Revealed in the following.

A number of our enterprising merchants have arranged what will prove to be a most interesting contest between the High School, Twentieth Century Club, Odd Fellows' Home, B. P. O. Elks, Volunteer Firemen, Masons, W. O. W., K. of P., Gainesville Guards, Kirby Smith Chapter or J. J. Finley Chapter of the U. D. C., or any church, Sunday school, hospital organization or institution you would wish to own the beautiful library valued at $500, now on display at G. W. Hyde's.

THE REWARD will be a magnificent library, consisting of 200 volumes of the standard subscription publications of the day as follows: The Great Chas. Dudley Warner "Library of the World's Best Literature," 46 volumes; "Library of the World's Greatest Classics," 30 volumes; the Anglo-American Dictionary and Cyclopedia, 12 volumes; Library of Oratory, by Depew, 15 volumes; Works of Balzac, 36 volumes; the Library of Poets, 32 volumes; the World's Best Essays, 10 volumes; History of Our Great Commanders, 12 volumes.

Each and every one of these books are specimens of the best mechanical execution, which examination will prove.

The conditions of the contest are as follows: Any lodge, church or school, club, hospital or organization, public or private, is eligible to the contest. Votes for individuals will not be counted. With each 10 cents purchase a ticket will be given by the merchants through whose liberality these grand libraries are furnished, on which will be written the amount of the purchase and the number of votes. The purchaser will write on the ticket the institution or organization for which he or she desires to vote, sign their names and deposit the ticket in the ballot box in the store in which the purchase is made.

The standing of the contestants will be published exclusively in each Sunday's issue of The Sun until October 14th, 1905, at 7 o'clock p. m., when the remaining votes will be counted, and the magnificent library awarded to the organization having the largest number of votes. The Sun will publish in each issue a coupon which will entitle the holder to two votes that will be credited to the institution that is written on space provided for same when delivered to the ballot boxes in either of the stores.

Voting Tickets Can be Secured From the Following Merchants:

G. W. HYDE

The leading Dry Goods store. Voters remember this is headquarters.

Marcus Endel.

The leading Clothier, Men's Furnisher and Tailor of Gainesville. We satisfy the most exacting demands of all. Votes count here.

Gainesville Furniture Company.

The big Furniture store, where you can vote every payment you make, cash or instalments. Don't overlook this valuable precinct.

L. C. Smith.

The best and largest variety of Shoes in town. We have the pair you want. We have the votes. Come and see us.

J. S. Bodiford & Company.

The reliable druggists. A busy store where the voting will be heavy. We have them.

J. W. McCollum & Company.

The up-to-date Druggists. The votes are here. Come see us.

L. C. Smith.

The leading Jeweler. Our splendid stock will supply the most exacting demands. The votes are here in plenty.

A. L. Vidal & Company.

The only Soda Fountain, Confectioner and Book dealer issuing votes. They count here.

W. R. THOMAS.

Our Buggies, Wagons and Harness are the best at the right price and a vote worth going after. Our Livery department affords a splendid opportunity to vote.

W. S. Dorsey & Company.

The Grocery and the Market offers the strongest free vote. 5 per cent of your voting strength is with the grocer, every meal you serve. It's voting, bring your account and vote when you pay the same.

Gainesville Planing and Coffin Co.

A glorious opportunity for contractors to vote for their favorite. A load of wood 10 votes. Don't miss them.

W. D. Fagan & Company.

Our Meats and Vegetables are the best the market affords. Vote here.

Gainesville Steam Laundry.

Give us your work, save the bundle slips. Get your friends to do likewise. Take them to our agency and get the votes. Big item.

A. M. Cushman.

Votes will be issued for premiums on new policies written or old policies renewed, provided such premiums are paid within thirty days of date of policy. For each 10 cents of premium one vote will be issued.

Mrs. S. W. LeGrande.

The only Millinery and Notion store issuing votes. Vote here.

Merchants, Note Carefully.

The rules of the contest provide that each merchant shall carefully make a record of his vote on Friday night of each week, sending a duplicate of same to The Daily Sun, on Saturday before noon of each week, over his own signature, including the tickets, carefully wrapping and tying them up in as small a package as possible; write your own name and date of delivery on each so that they can be filed away with your records and delivered to a committee on awards appointed at the close of the contest.

THE SUN'S Voting Proposition.

Under no circumstances will an employe of this paper be allowed to cast a vote in this contest.

We will give a premium of 75 votes for every paid three months' subscription, 200 votes for every paid six months' subscription and 500 votes for every paid subscription for one year to Daily Sun, and 200 votes for one year's subscription to Semi-Weekly Sun. Old subscribers get the same number of votes by paying their subscriptions in advance. Every voter should be a subscriber. To the institution securing the largest number of votes in this manner, we will award at 7 o'clock p. m., October 14th, 1905, 10,000 votes.

LIBRARY VOTING COUPON.

This coupon entitles the holder to two votes that can be cast for any institution competing for the beautiful library, when properly filled out, signed and returned to the ballot boxes in either the above stores.

READ THIS.

Dexterville, Texas, June 15th, 1905.

This is to certify that I have used one bottle of the Texas Wonder, Hall's Great Discovery and have been greatly benefited, and can cheerfully recommend it to the public.

W. H. [illegible]

A TEXAS WONDER.

One small Bottle of the Texas Wonder, Hall's Great Discovery cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

The Union Central Life Insurance Company

of Cincinnati

Established in 1867

Has made a record during the last twenty-five years not equalled by **any Life Company in the United States!**

In twenty-five years it has earned the highest rate of interest of any life company, although its assets have consisted of the safest non-fluctuating securities—mainly first mortgage loans on real estate—ON WHICH THE COMPANY HAS SUSTAINED A LOSS OF LESS THAN ONE TENTH OF ONE PER CENT, during the same period of years.

The UNION CENTRAL is the Great Policy-Holders' Company.

W. B. HIGDON,

General Agent,

GAINESVILLE, - - - FLORIDA

Warranty deed and mortgage blanks for sale at this office, the form used in Alachua county which saves money in recording. $2 per hundred or 50c per dozen by mail. Cash must accompany order. dawtf

John W. Nichols, Jr., the clever representative of the American Canning Company of Atlanta, manufacturers of syrup cans, is spending a day or two in the city in the interest of the trade. This company, which was started only a few years ago, has increased the demand so rapidly that they are now erecting another factory in Savannah. A large part of this trade comes to Florida.

Deputy Sheriff J. W. McCaon of LaCrosse was in the city yesterday, having brought Getchel Singleton and George Gainey, charged with larceny. The prosecuting witness, a woman, failed to appear in Justice Colman's court against them, and they were discharged. The officers believed it was a case of blackmail, and when the defendants would not concede to certain demands she had them arrested, but was reluctant to appear.

Registration Notice.—Notice is hereby given that the registration books of the City of Gainesville are now open at my office in the United States land office, where all persons qualified to register, including residents of the new territory added to the corporate limits of the city by the new charter enacted by the last Legislature, may register between the hours of 8 and 12 a. m. and 1 and 4 p. m. Books close on Saturday, September 9th, 1905. J. M. Dell, City Clerk.

Notice of Teachers' Examination.—An examination for granting teachers' certificates for first, second and third grades will be held at the academic hall of East Florida Seminary for white applicants, and at Union Academy for colored applicants, beginning on Tuesday, September 5th, 1905, at 8 a. m. Each applicant must be supplied with legal cap paper, pen and ink. A fee of one dollar will be charged at the beginning of the examination. J. L. Kelley, Supt.

C. C. Pedrick, the buggy and wagon manufacturer, seems to keep quite busy, since he is shipping continually his products to various sections of the State. His last shipment, which was made Friday, were two fine buggies, which were consigned to W. L. Pickett, the liveryman of Fort Meade. Mr. Pickett resided in Alachua county for many years, being a son of T. B. Pickett of Newberry, and realized that for wear and good service, nothing was better and few were equal to Pedrick's productions.

Perry M. Colson has returned from the West End, where he has been on business. Mr. Colson has associated with him in a new naval stores business at Trenton N. C. Wade and W. E. Bell, under the firm name of the Bell-Colson Company, and will operate extensively, having secured immense bodies of timber lands. Mr. Colson states that Trenton is growing now, the entrance of the railroad having infused new life into the people. Lots are selling fast and new settlers are arriving every week.
